Loan ID	Loan Product Name	Principal Due	Interest Due	Past Due	Total Amount Due	Payment Amount
2	Salary Loan	11,280.00	1,000.00	0.00	12,280.00	0.00
3	Salary Loan	1,000.00	0.00	0.00	1,000.00	0.00

Select the loan you want to apply a rebate to which is listed in the Borrower tab under the Add Loan Payment tab. After choosing the loan, click the Rebate button located at the upper left corner of the page.

Total Amount:

₱ 0.00

Change:

₱ 300.00

Please fill out the form.

Note: Only loans where the customer is a borrower of are rebatable. Thus, those loans reflected in the Co-Borrowers/Guarantors tab are not rebatable.

Receivable Items	Rebate Amount
Principal Due (Php):	Principal Due (Php):
Interest Due (Php):	Interest Due (Php):
Total Loan Balance (Php):	Total Loan Balance (Php):

The left portion of the Rebate tab displays the receivable items of the selected loan. It shows the principal due, interest due, and the total loan balance.

The other side of the tab displays the Rebate Amount panel which contains fields where you can input the rebate amount for each receivable item.

The amounts entered in those fields will be deducted from the original amount of their receivable item counterpart.

Form is valid.

Receivable Items		Rebate Amount	
Principal Due (Php):	<input type="text" value="12,280.00"/>	Principal Due (Php):	<input type="text" value="1000"/>
Interest Due (Php):	<input type="text" value="1,800.00"/>	Interest Due (Php):	<input type="text" value="800.00"/>
Total Loan Balance (Php):	<input type="text" value="14,080.00"/>	Total Loan Balance (Php):	<input type="text" value="12,280.00"/>

Input the rebate amounts.

As seen here, the rebate amount for the principal due is P1,000 and P800 for the interest due. These values changes the principal due amount to P11,280 (P12,280 - P1,000), the interest due to P1,000 (P1,800 - P800) and the total loan balance to P12,280 (P11,280 + P1,000).

Form is valid.
