

# How to CashOnVault Node

# Add Cash amount to Vault

The screenshot displays the 'MN Pamaran Lending Investors, Inc.' application. On the left is a 'Navigation Area' with a tree view of menu items. The 'Cash On Vault' item is circled in red, with an arrow pointing to it from the instruction '1. Click the 'Cash On Vault' node under the 'Settings' node'. The main content area shows the 'Cash On Vault' page. It has a 'Home' button and a 'Cash On Vault' tab. Below the tab, there are two input fields: 'Cash on Vault:' with a value of '0.00' and 'Amount to Add:' with a value of '100,000.00'. The 'Amount to Add' field is circled in red, with an arrow pointing to it from the instruction '2. Specify the amount to add in the vault.'. Below these fields is a button labeled 'Add To Cash on Vault', which is also circled in red. An arrow points from this button to the instruction '3. Click the 'Add to Cash on Vault' to add the specified amount in the vault'.

**1. Click the 'Cash On Vault' node under the 'Settings' node**

**2. Specify the amount to add in the vault.**

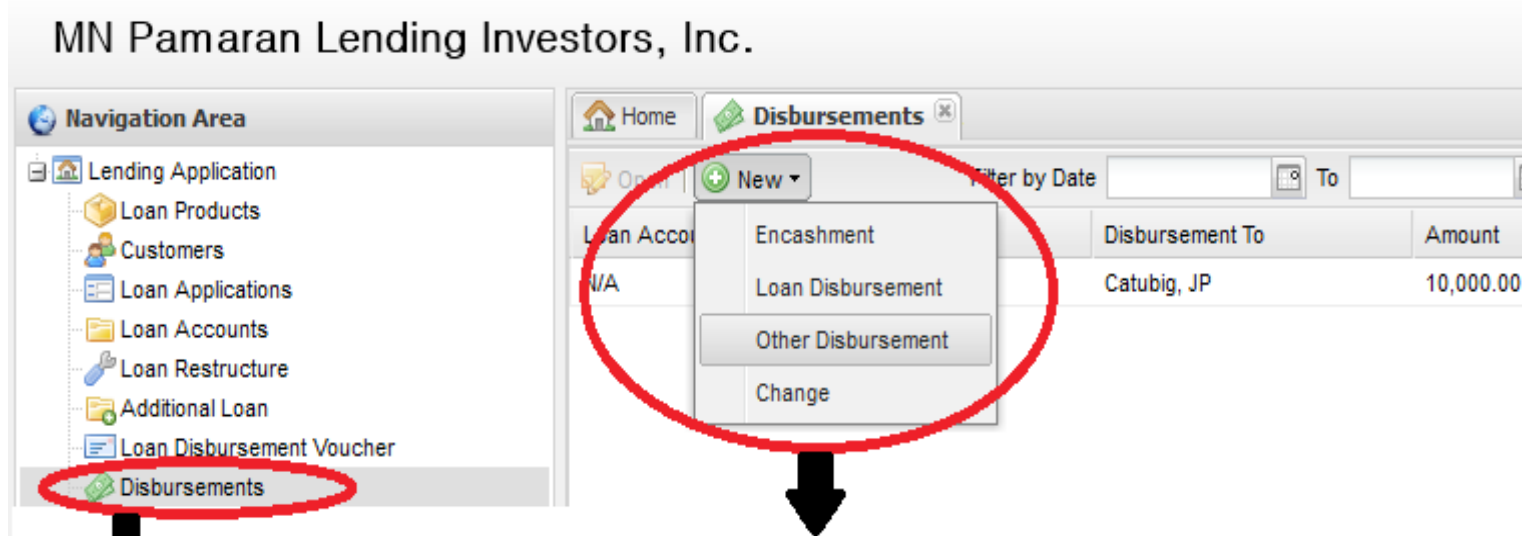

**3. Click the 'Add to Cash on Vault' to add the specified amount in the vault**

# Withdraw amount from Vault

To withdraw an amount from the vault, use the Disbursement Node.
